Fabric Choice?

I mixed in a few solids here but you can just use your scraps and left over fabric to reduce your stash. Be brave with color here you can pick bright colors or muted tones. Just make sure each row has some contrast, so each row can stand out. Also, don't over think it. Your first instincts of which color you choose just go with that color. Big prints can be used here as well. Pick out the main feature of that print and use it. You may need more yardage to match the print.
