Cutting Instructions for non pieced version:

    Two 10 by 15" Outer Fabric
    Two 10 by 15" Lining Fabric
    Two 8 by 12 1/2" foam of your choice

Cutting Instructions for pieced version:

    Two 10 by 15" Lining Fabric
    Cut pieces of fabric to fit the 8 by 12 1/2" foam. You
    can use strips or any scraps you have available.
    Two 8 by 12 1/2" foam of your choice

Sewing Instructions:

    Draw a line from on the top of the foam piece 1" at
    the top then draw a cutting line from the top to the
    bottom to form a trapezoid shape.
    Now if you are using scraps cover the foam shape
    completely by using the quilt as you go method. If
    not using scraps, then place the 10 by 15" outer
    fabric on the foam and tack stitch it all around the
   outside 1/8".

    Next place the lining 10 by 15" facing the outer
    fabric. Begin stitching at the bottom leaving a place
    to turn later.

    Stitch next to the foam but not on the foam.

    Trim 1/8" on all sides. Except for the very bottom
    leave at least a half inch to turn the seam. Be careful
    not to cut the stitches.
    Turn out the panel and iron flat. Iron the seam at
    the bottom to cover the foam.
    Stitch the bottom closed.

Trim 1/8

Leave Open

At the bottom trim 1/2"

Now fold the corner down matching the center seam. Then measure 2 1/2" across and draw a line with a pencil or fabric marker.

Sew on the line with a large stitch.

Trim corner off.

Turn the wine cozy right side out.
